Anjan is a dual-qualified (India and England & Wales) senior lawyer specialising in infrastructure and energy – project development, finance, public-private partnerships, government contracts, and public procurement. He represents clients in every aspect of development, financing, construction, operation, M&A, and disputes of capital-intensive projects and facilities worldwide. He has over 25 years of experience advising international and domestic banks, funds and financial institutions, multilateral agencies, sponsors, developers, investors, and governments. He is currently advising on some of Asia's largest and most complex infrastructure and energy projects. His projects include roads and highways, sea links, ports, airports, power plants (conventional, solar, wind, hydro, and hybrid), waste management facilities, metro and rail networks, smart cities, special economic zones, oil and gas facilities, social and healthcare infrastructure such as hospitals and diagnostic facilities, agribusiness, educational institutions, telecommunications networks and facilities, battery storage and charging infrastructure and other infrastructure assets. Anjan is also currently advising on transactions concerning Energy Transition, including Corporate Decarbonization, Green Hydrogen, and Carbon Credits.

He has considerable international experience, having trained, and worked with distinguished international legal firms, Norton Rose Fulbright (Toronto office) and Herbert Smith Freehills (London office). He has also worked with Trilegal and HSA Advocates in Mumbai and The Centre of Innovation Law and Policy at the University of Toronto, Canada.

Anjan regularly writes and speaks on topics relating to energy and infrastructure, restructuring and insolvency, banking and finance, project finance, and PPPs in India. Anjan has a strong academic background and is a recipient of a number of awards and scholarships for excellence in the study of law. He has a keen interest in teaching and has been a visiting faculty member in various law schools in India and overseas.
